FRIENDS' MEETING.

THE THIRD SESSION OF THE GATHER ING AT HIGH POINT.

ing Epistles Read from Variou Made-The Harmony.

HIGH POINT, N. C., August 6 .- The High Poist, R. C., August connues to grow in numbers and interest, aday's session being attended by almost ouble the number of yesterday.

The meeting was opened by prayer by William Thomas Willis, of New York, who invoked the Divine presence and guidance in the transaction of business.

According to instruction the committee

According to instruction the committee appointed to present names for clerk and assistant clerks reported as follows: For clerk for the ensuing year, L. Lynden Hobbs: for assistant clerks, Josiah Nicholson and Dr. James E. Cartland.

A voluntary subscription was asked for to bear the expenses of a stenographic report of the proceedings of this yearly meeting and the requisite amount was readily subscribed. A committee consisting of Joseph Potts, will T. Parker, and J. E. Cox was appointed to have charge of the stenographer's report and inspect the same before it was put to press.

CORRESPONDENCE. CORRESPONDENCE.

CORRESPONDENCE.

The reading of correspondence consumed a considerable time, but the correspondence was especially edifying, each epistle being a sermon in itself. A striking sentence from the Kansas epistle was the subject of gratification and called forth expressions of the highest satisfaction. The sentence was as follows:

"We thank the Lord that there are thousands of boys and girls in Kansas who have never seen a saloon."

ments of boys and girls in Kansas who have never seen a saloon."

Encouraging reports come from the different yearly meetings regarding the dissemination of the doctrines of peace, the suppression of slavery in foreign countries, temperance, mission work, education, and church extension (Indiana and Iowa alone reporting an increase of 1,890 members), all of which are tenets of the Church.

FROM TEARLY MEETINGS. Epistles from the following yearly meet-ings were read: New York, New England, Baltimore, Ohio, Indiana, Iowa, and Kan-

No epistles were on the table from western or Canada yearly meetings.

A committee of eighteen members was
appointed to draw up suitable responses
to the foregoing epistles.

The proposition from Indiana Yearly
Meeting asking the concurrence of this
meeting in their intention to establish a
new yearly meeting at Wilmington, Ohio,
was considered and favorably received.

A neminating committee, consisting of A nominating committee, consisting of J. R. Parker, W. Dixon, Elihu Mendenhall, R. P. King, and L. J. Moore, was appointed to report the names of representatives to attend the new yearly meeting which convenes in August, 1892.

THE IOWA MEETING.

The proposition from Iowa Yearly Meeting, asking that this meeting appoint a committee to confer with like committees of other yearly meetings regarding the propriety of holding a conference of all the yearly meetings of America, was discussed at length, and a nominating committee consisting of two members from each quarterly meeting was appointed to report a sub-committee to have charge of that subject, which sub-committee shall report next year. Following are the names of the nominating committee: H. T. Outland, Josiah Nicholson, H. M. Hocket, Isaac Stanley, Micajah Cox, L. J. Moore, Albert Peele, J. R. Parker, A. J. Tomlinson, N. Mendenhall, William Winslow, H. Beeson, T. R. Lee, George Y. Nichols, and David E. Sampson. THE IOWA MEETING.

The subject of chief interest of the day, or that which called forth the freest discussion attested, was the proposition of Kansas Yearly Meeting asking the concurrence of this and other yearly meetings in its desire to change its name from "Kansas Yearly Meeting of the Society of Friends" to "Kansas Yearly Meeting of Friends" to "Kansas Yearly Meeting of Friends Church," without which concurrence the change cannot be made.

The subject involved a question which has interested this church for some time, a number of prominent members objecting to the word "society" as being misleading. SUBJECT OF CHIEF INTEREST.

The discussion called forth a good deal

of church history and no small amount of diversity of opinion. Many believed that the time had come to make the change in the name in order to prevent a misconception regarding the work and aims of the Church. NO LONGER EXISTED.

It was cited that the reasons which ac-

It was cited that the reasons which actuated the early Friends in calling this organization a "Society" no longer existed. It was claimed that there existed much misapprehension in the public mind regarding the object of the organization, many being led by the name "Society" to think it merely a benevolent or secret society, whereas it was a branch of the Church of Jesus Christ and should be dignified by that name.

Some favored the appointment of a committee to take the matter under advisement, while others opposed any change in the name, supporting their position upon the plea of ancient precedent, the history and literature of the Church, and holding that whatever the name the organization was none the less a part of the Church of Christ. They believed there was nothing to be gained by innovations of this kind. It was finally agreed that the meeting take no action in the matter for the present.

A number of representatives who were absent vesterday reported to-day, after which the meeting adjourned till 2 o'clock P. M.

Afternoon session.

The meeting reconvened at 2. The Evangelistic Committee made a very interesting report of the work of that nature done within the year, which took hold of the meeting. It was made to realize, however, that very much more would have been accomplished had the committee had more funds to use. This conviction prevailed so greatly that upon the proposition of Professor Woody, of Guilford College, that an appropriation of \$300 be made out of the treasury, and additional subscription be entered into to raise at least \$200, the meeting enthusiastically responded without a voice being uttered in real dissent, and the subscription amounted to about \$317. It was inspiring to notice how a rather anxious cloud seemed to lift as this truly religious exercise of giving progressed.

cise of giving progressed. ANOTHER SUBSCRIPTION.

Mrs. M. F. Venable, of Surry county, now presented the claims of her neighborhood for a house of worship, suggesting the need of \$200. With the very kind help of A. M. Kurwortz, who pledged himself for the Lord through hims to make up what might be lacking, another subscription was entered into and \$107.50 quickly raised. This was so enlivening that upon the plea of Thomas Inman in behalf of an unfinished meeting-house in Moore county called "Prosperity" twenty-five dollars was also promised, Isham Cox stating that years ago he was called upon to name the meeting, which he did upon the condition that the members then should "make it true. This, he thought was now being done.

A number of prayers were offered filled with thanksgiving to Him who had enabled the meeting to offer so willingly. The whole session was marked with unity and Drvine exaltation of spirit which accompanies such willing sacrifice.

of Colonel Wood.

[Correspondence of the Richmond Dispatch.]

Morrigad Ciry, August 6.—At the session of the North Carolina Tobacco Association to-day Colonel W. W. Wood delivered the annual address, from which I extract the following facts and figures:

Porty-four counties in North Carolina now make fine tobacco. Nine counties beyond the Blue Ridge produce about 10,000,000 pounds, with an average value of 14 cents per pound. The fifteen counties of the Piedmont section next east of the Blue Ridge, famous for fancy and mahogany tobacco, make 34,000,000 pounds at 13 cents average. Twenty counties on the sast, famous for cutters and smokers, make 32,000,000 pounds at 13½ cents average, making the North Carolina crop 76,000,000 pounds, instead of 36,000,000 credited by the census report.

est and 5,000,000 the lowest amount sold by any one of them. Nine others sell an average of 1,230,000 pounds each or 11,500,000 pounds, or from 2,500,000 to 1,000,000 pounds highest and lowest sales. The remaining nine markets sell 4,500,000 annually, or 500,000 pounds each, averaged, equal to 75,000 to 25,000 for highest and lowest. Thus it is that North Carolina sells 67,000,000 of the 76,000,000 pounds made and grown in North Carolina, to which might be added 25,000,000 pounds going to Danville and other pounts of Virginia, etc., which would make 92,000,000 pounds for North Carolina. Perhaps resalts will offset the 25,000,000, leaving results as first stated.

A high compliment was paid the intelligent and scientific farmers of North Carolina in their production of the best on earth. The 100,000 pounds, he said, will soon be realized. In Surry county fitten planters averaged 26 cents and six of these 60 cents per pound; average, 428 pounds per acre. In Rockingham fourteen planters averaged 33% cents on 477 average acreage. In Vance county seven planters report 45% cents on 722 pounds average acreage. Edgecombe 19% cents -1.439 pounds average acreage is the report of three planters. In Granville five planters received 37.8 cents average on 792 pounds per acre. In Wilson county twenty-three planters report a 22% cents average on 792 pounds per acre. Planters average on 902 pounds per acre. Planters, nevertheless, need to be cautioned against over-production, and need to be advised by the dealers, and should co-operate more with this association and learn what quality to make each season.

The Southern Tobacco Journal, of Winston, was highly recommended as a State organ and the Richyand Southern Tobaccomist

After the address, resolutions were adopted advising the planters throughout the State to make fewer bright tobaccos and more fillers and mahoganies.

State-Agriculture-Commissioner Robinson will co-operate with the Tobacco Association and will present the resolutions to the Farmers' Alliance meeting on the 11th instant. Colonel Wood's address will be published in pamphlet form.

The Raleigh and the World's Fairs will be energetically worked to give North Carolina tobacco every possible prominence.

The Virginia tobacconists were memori

alized to form a State tobacco association. Additional precantions will be taken to prevent over-production of tobacco and prevent over-production of tobacco and a decline in values. B. L. Duke and others addressed the meeting, which closes its work to-morrow. THE OLD OFFICERS RE-ELECTED-RECOMMEN-

MORRHEAD CITY, N.C., August 7.—The
Tobacco Association to day re-elected its
officers and recommended to Governor
Holt the appointment of a special tobacco
agent, selected by President Lockhart, to
represent North Carolina's interest at the
World's Fair, and the farmers are asked to
do likewise in their interest of the alliances. The association adjourned and will
probably select some central tobacco
market for the next meeting. Most of the
members leave for home to-morrow.

BUSINESS TROUBLES.

Assignments in North Carolina-Tarboro

as a Tobacco Market. [Correspondence of the Richmond Dispate [Correspondence of the Richmend Dispatch.]
SCOTLAND NECK, N. C., August 7.—For several days it has been known that the large and influential business of Biggs & Davenport, of Williamston, has failed. It has just been given out publicly that J. D. Biggs, Esq., has made an assignment. The liabilities were large and the assets nearly enough to cover them. Mr. Biggs is one of the best known and most influential men in Martin county, well known in all Eastern Carolina, and a member of the board for the insane asylum at Raleigh. He assigned his entire estate and kept back nothing at all. The failure was a great surprise to this entire section of the State.

Tarboroo' And Tobacco.

TARBORO' AND TOBACCO. Tarboro' bids fair to become a good to-bacco towe. Warehouses are being built and prize-houses will soon be opened. A tobacco association has been formed and all things point flatteringly to Tarboro's future in the tobacco interest. A. S. Dunn, a prominent lumber manu-facturer here, has made an assignment.

Cotton, Corn, and Tobacco Near Weldon-

Protracted Meeting.
[Correspondence of the Richmond Dispatch.] (Correspondence of the Richmond Dispatch.)
Weldon, N. C., August 7.—Weather continues favorable for cotton and there is great improvement in the past three days. There is a large acreage of tobacco in this county and an effort will be made to establish a tobacco warehouse here. A very small percentage of corn was injured by the recent freshet in the Roanoke river.

The funeral services J. H. Gooch took place to-day at Grace Episcopal church. The casket was literally covered with flowers, attesting the high esteem in which the deceased was held.

PROTRACTED MEETINGS. PROTRACTED MEETINGS.

A protracted meeting is going on at Elom Methodist church, in Northampton county, conducted by Rev. C. W. Cain. There have been a number of conversions and great interest is being manifested.

Rev. J. A. Lee, of this town, will commence a protracted meeting at Smith's church, near here, next Sunday morning.

Danville, Va., August 7.—Not long since the storehouse of Taibott Brothers in Pittsylvania county was burned to the ground. The building and stock of goods were insured, and from some suspicious circumstances connected with the fire the insurance people believed that the fire was incendiary. Brack Talbott was arrested and had a hearing yesterday before a justice of the peace, who sent the case on to the grand jury.

KILLED ON THE TRACK.

Onl Wednesday night as Robert Allen and a number of other colored people were walking on the Richmond and Danville track near Kinggold a freight train came thundering along, and before Allen got off the track it struck him and knocked the life out of him. His skull was crushed and death was instantaneous. The engineer did not know that the man had been struck until he received a telegram to that effect at the next station. The body was buried by the railroad company.

Information reached this city to-day of a heavy hail-storm yesterday afternoon just across the North Carolina line, in Caswell county. It is said that much damage was done to growing tobacco near Pelham. The crops of W. T. Garrett and J. H. Donohoe were well-nigh destroyed.

STAUNTON AUTHORITIES AT WORK ON THE CONNELL MYSTERY.

Joking Him-The Open Door.

STAUNTON, Va., August 7.—The mystery surrounding the killing of D. G. Connell on a Fullman car on the Chesapeake and Ohio railway is still unsolved so far as the authorities here are concerned, and its so-lution is awaited by the public with the deepest interest. Numerous theories have been advanced and countless rumors are affoat as to the motive which prompted the assassin and the mode he pursued to acassassin and the mode he pursued of complish his dastardly crime, but none of the rumors can be substantiated and the facts already made known to the public by the Disparch are about all that are au-

the Disparch are about all that are activenite.

There can be no mistake about the fact of a man having been seen with a pistol in his hand and apparently looking for some one boarding the train as it was pulling out of the station at this place, although Conductor O'Neill of, the Pullman car, hoots at the idea and says that he himself get off here and get back on the rear platform of his car. Mr. O'Neill says that he assigned a gentleman who got on here his berth and then went into the smoking-room to write up his tickets, that being the proper and only place for him to do that work.

THOUGHT IT WAS A JONE AT FIRST.

THOUGHT IT WAS A JOHE AT FIRST Mr. Hardy, a prominent railroad contractor, who has been energed in the construction of the Craig-Valley road, and was a warm personal friend of Mr. Connell's, went to Charlottesville last Sunday to see the wounded man. Mr. Connell's son told him that his father supposed when he was first aroused that his friend Mr. Talbot, who was on the train, was playing a joke on him. Mr. Talbot is an engineer on the Craig-Valley road and was an intimate friend of the dead man. The son also said that his father was a very sound sleeper that his father was a very sound sleeper and owing to his advanced age was slightly deaf. Mr. Hardy says that the family of the deceased will bring suit against the Pullman Company for their carelessness in leaving the rear door of the coach open and the body of the car unguarded.

WHAT A C. AND O. OFFICIAL SAYS. An official of the Chesapeake and Ohio railway who was seen by the Disparce correspondent says that while much stress has been laid on the fact of the rear door s being open, as a matter of fact, doors of sleepers are not kept locked now and have not been for some time. He gave as a sleepers are not kept locked now and have not been for some time. He gave as a reason for this that some time ago a sleeper was burned in a wreck on a western road. Several of the passengers could not escape owing to the door being locked. He further said that so far as a flagman's being on the rear platform was concerned there was vir-tually no such thing as flagmen on a pas-senger train.

GREAT INTEREST. The greatest interest is manifested in this affair all along the line of the Chesa-peake and Ohio and especially in those sections where Mr. Connell was known, and where all speak of him in the highest

The Valley Virginian, referring to the shooting of Mr. Connell, says:

"There is a mystery about these daring assaults that may find a solution later. When the train that was entered at Basic City reached Staunton at 1:30 A. Work Begun-An Extensive Improve

(Correspondence of the Richmond Dispatch.)
BUENA VISTA, VA., August 6.—Mr. J. C.
Jones with a large force of hands yesterday begun work on the elegant and expensive depot building for the Norfolk and
Western depot. The depot is being built
on a block of land fronting Sycamore avenue and the railroad 400x235 feet. The
building will be in the centre of the block,
and will be 115 feet long by 47 feet wide.
Mr. George T. Pearson, of Philadelphia, is
the architect, and his design is a very
handsome one. The house will be built of
Buena Vista sandstone and all the surroundings will be paved, and the yard will
be adorned with fountains and flowers.
The buildings contemplated by the company consist of the passenger depot, a
freight station, a round-house, a depot of
construction and supplies, and a relay for
engines. Great pleasure is expressed by
our people at the beginning of this important work.

A NEW JAIL.

The Board of Supervisors have at last determined to erect a new jail. This was rendered necessary by the condition of the old one, which had grown so unattractive and rickety withal that the prisoners placed there positively refused to stay and walked out as fast as they were put in. The new building will be modern in style and appointments and a vast improvement in every respect over the present structure.

Clerk. After one week's earnest reflection what to do with the remainder of our LIGHT WEIGHTS at this period of the season we find there's but one alternative to prevent carrying them over until next season, and that is to SELL THEM without any consideration of cost, but positively SELL THEM AT A PRICE which must close them.

In order to facilitate making rapid progress in disposing of the remainder of our Light-Weight Garments before the close of the season we have made another CUT in prices in order to rush these goods off as rapidly as possible, as the emergency demands.

Buyers who study economy and those who seek to obtain the best values for URDAY at above hour, and solicit consignments. Purchasers may bid with absolute safety, as every representation made by the auctioneer is fully

their money will appreciate the LOW PRICES we've marked on goods in every department, and will be amply repaid for the little time and trouble it may take in making an investigation of facts, which must certainly result to their interests at least to the amount saved in making their purchases where the best inducements are offered. I will sell TO-DAY at 12 o'clock sharp, at store, 75 boxes FANCY FREESTONE MARYLAND PEACHES. All dealers invited to attend. au 8-11*
